CREATE

BRIGHT AND PRIVATE SPACES WITH OUR RANGE OF PATTERNED GLASS DESIGNS

SGG Masterligne

Whether you want smart and simple, or more textured and sophisticated, our collection of nine patterned, textured and translucent glass designs are perfect for any home.

Ideal for bathroom windows, each unique design gives you privacy whilst enhancing your décor and allowing natural, diffused light to brighten your room.

Each design has a privacy level from 1 to 5, where 1 provides minimum privacy, without compromising light levels, and 5 provides lower visibility whilst maintaining a relaxed and intimate atmosphere.

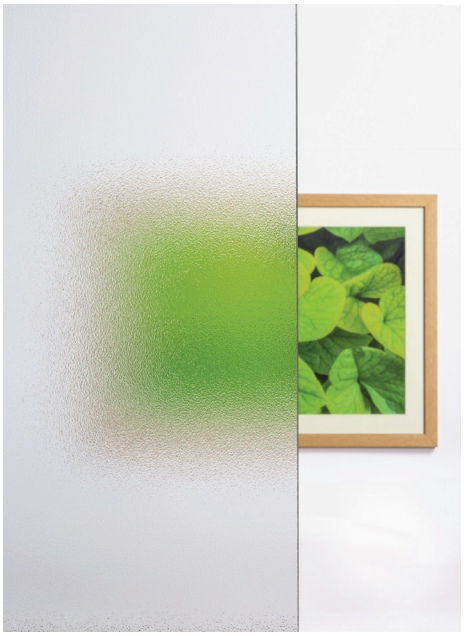
SGG MASTER-LIGNE ®
PRIVACY LEVEL 1

A sophisticated glass design, **SGG MASTER-LIGNE ®** is functional and elegant. It gives a balanced view through a series of bright, parallel lines printed on a matt background.

SGG MASTER-CARRÉ ®
PRIVACY LEVEL 2

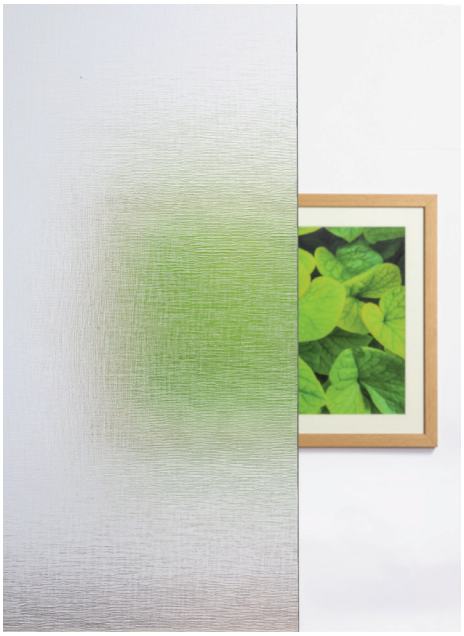
SGG MASTER-CARRÉ ® has a unique, contemporary, luxurious appearance. It is characterised by the illusion of small, shiny evenly spaced squares, contrasting with a matt background.

SGG ARENA C ®
PRIVACY LEVEL 3



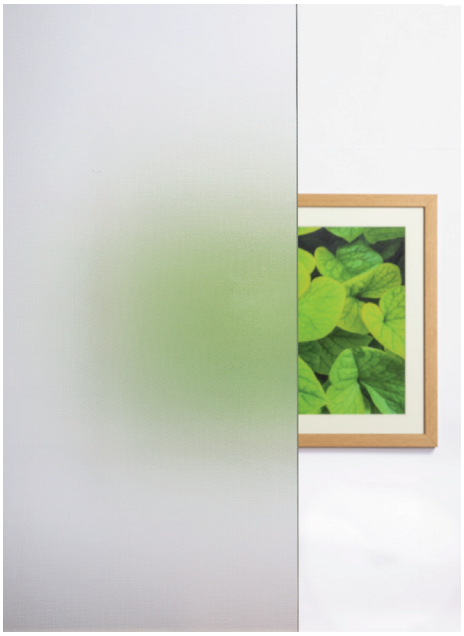
SGG ARENA C ® is a classic, patterned glass design that is visually appealing, practical and smart. This timeless glass is ideal for creating bright and private spaces.

SGG THELA®
PRIVACY LEVEL 3



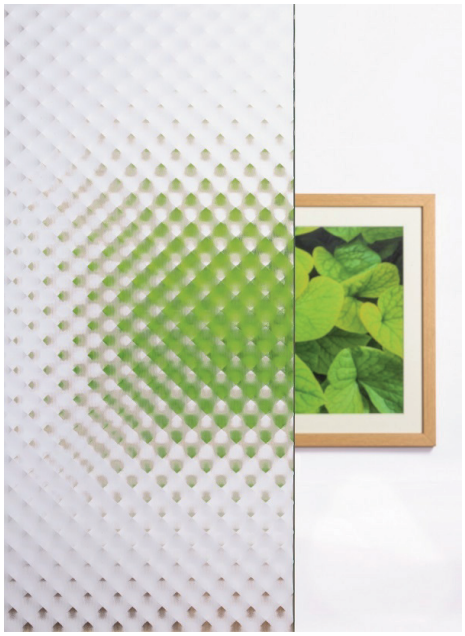
This stylish horizontal and vertical criss-cross design is refined and elegant. **SGG THELA®** is lightly textured, unassuming and gentle on the eye.

SGG PIXARENA®
PRIVACY LEVEL 4



A compact pattern of finely pixelated dots **SGG PIXARENA®** creates a modern, uniform design.

SGG MASTER-SOFT ®
PRIVACY LEVEL 4

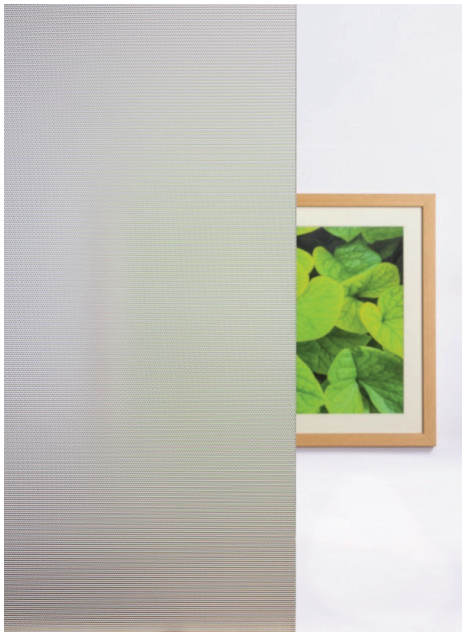


Structured by two diagonals, very finely engraved, the small 3D patterns reveal a soft appearance accentuated by a matt effect. Taking inspiration from luxury goods **SGG MASTER-SOFT ®** creates a softer, mellow effect.

SGG WATERDROP ®
PRIVACY LEVEL 5

The heavily textured **SGG WATERDROP** ® design has the appearance of rain drops that have fallen on to the glass, which can also imitate a crackled glass effect. It provides the maximum amount of obscuration whilst allowing good levels of light into the room.

SGG MASTER-POINT ®
PRIVACY LEVEL 5



Opening spaces to a halo of light, these compact dotted lines appear to shimmer. The fine texture of **SGG MASTER-POINT** ® creates a private space filled with diffused light.

SGG SATINOVO MATT ®
PRIVACY LEVEL 5

SGG SATINOVO MATT ® has a distinctive, uniformly smooth and satin-like appearance. It provides privacy without compromising light levels ideal for creating stunning interior designs.

PROCESSING

Glass can be toughened, laminated, backpainted, lacquered, silvered and sandblasted.
